## FROM THE HELM

Flotilla Commander  
Patrick Feighery, FC  
[fc@cgauxboca.org](mailto:fc@cgauxboca.org)

### BOW WATCH

The storm has passed and from all reports that have been received the members of Flotilla 36 weathered it well. However, the same cannot be said for the property of some members. Damaged roofs, boats and trees can all be repaired; we all need to give thanks

that none of us or our families was injured by the storm.

As reported in October, Flotilla 36 was the overall winner of the Division 3 Search and Rescue Competition that was held on October 15<sup>th</sup> at Coast Guard Station Ft. Lauderdale. All members of the Flotilla should take pride in fact that 36 participated in every event of the competition. The Flotilla's team consisted of Auxiliarists who have been in the Flotilla for ten years and people who have been members less than a year.

As Flotilla Commander I take more pride in the participation of our membership than the victory itself. Special recognition and thanks go out to Tom Kegan for organizing the team and Ron Barrett who was Coxswain of the Flotilla's on the water crew.

## MARK YOUR CALENDARS

### RE-SCHEDULED

MEETING NOVEMBER 10, 2005 19:30

#### Key Dates for November

This section will highlight dates and events in the coming month. Items such as registration dates, initial start dates, and special events. For a full listing, see the Calendar.

Date	Start	Description
Nov 10	1930	Flotilla Meeting
Nov 20	1900	Flotilla Staff Meeting

Lastly, as the year 2005 winds down lets all take a moment to look back and assess our roles as Coast Guard Auxiliarists. It's time to look inside ourselves and ask could we have done a better job for the USCGAUX and the Flotilla and to begin thinking about what we can do in the coming year to improve Flotilla 36.

Have a Happy Thanksgiving and thanks for your help and support.

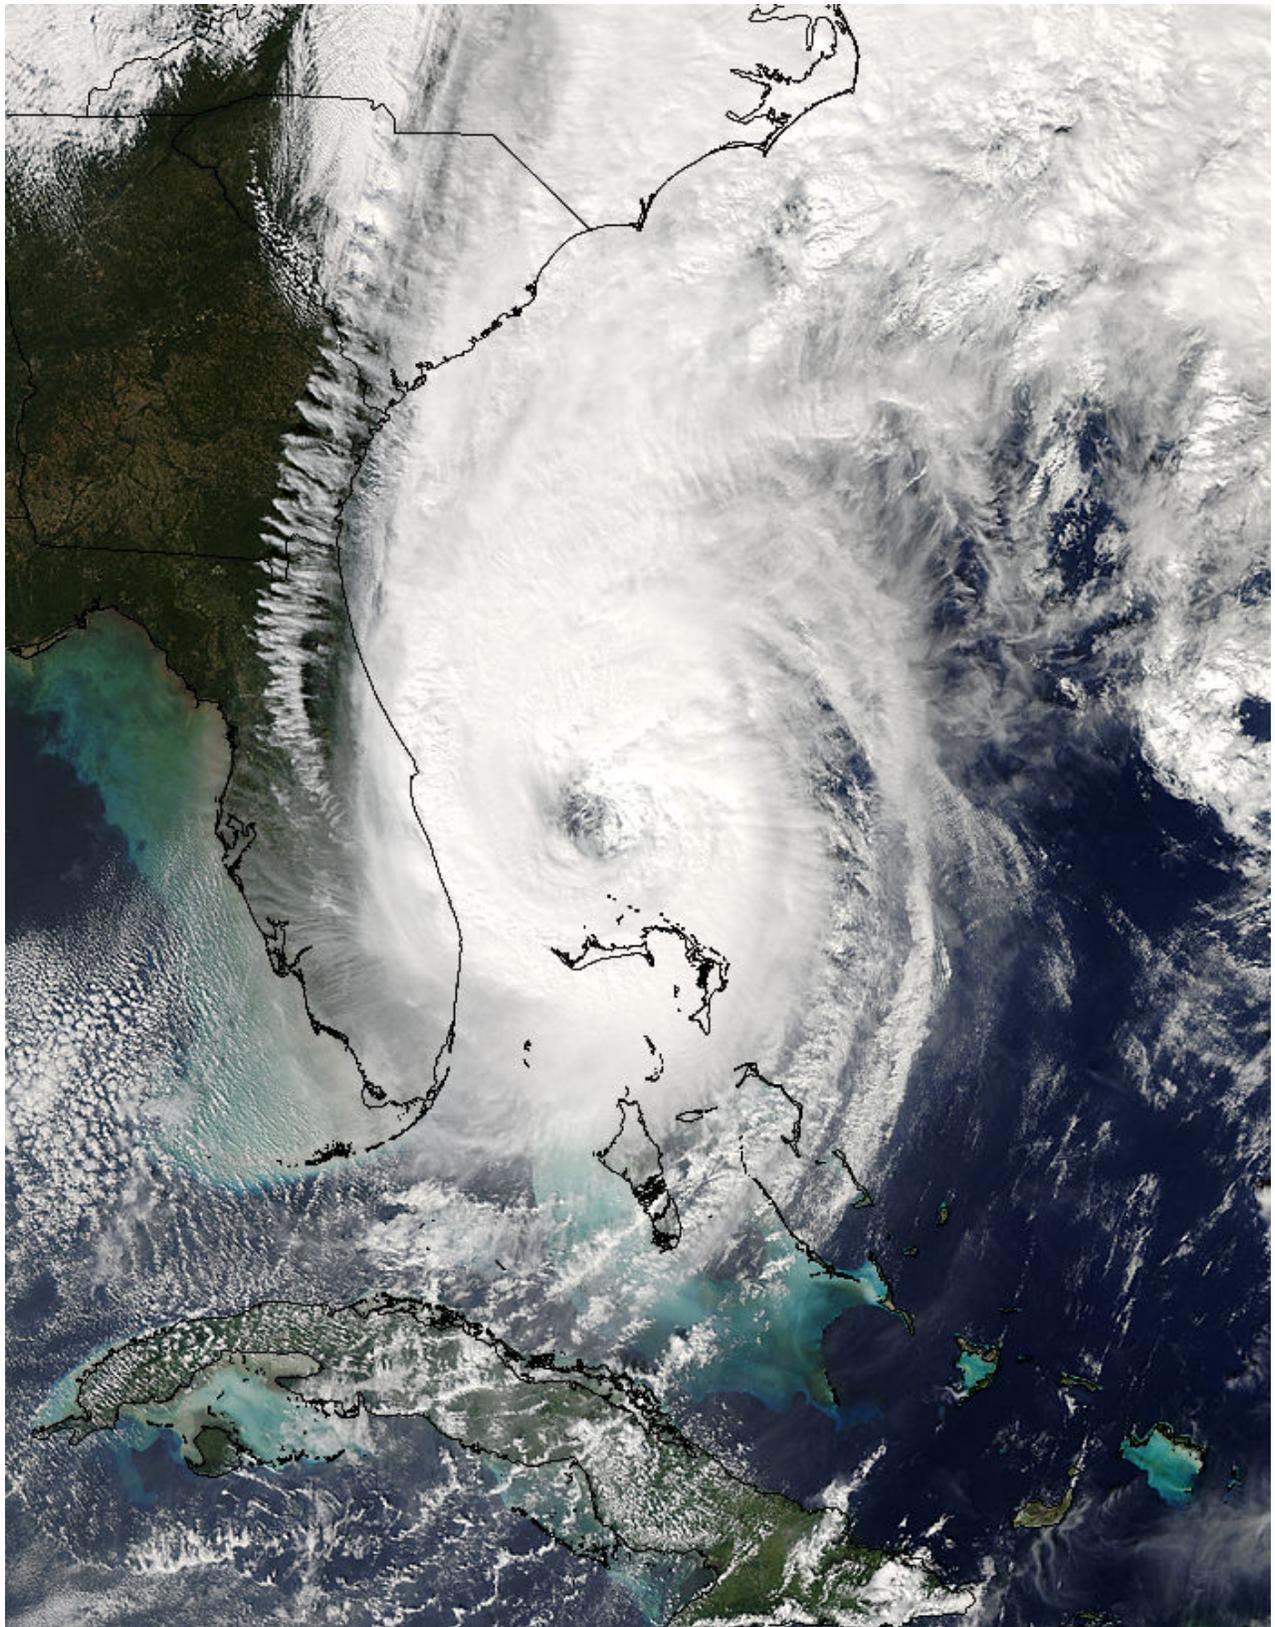

RCO-E Gene Kahn and 3 6 FC Pat Feighery display one of the winning plaques.

 ANDREA RUTHERFOORD, FSO-PS  
[FSO-PS@CGAUXBOCA.ORG](mailto:FSO-PS@CGAUXBOCA.ORG)

Our two newest members, **Jeanette Vetro** and **Liliane Meghabghab**, have finished their applications and the New Member class. Please welcome them as they begin attending flotilla meetings and events. I will schedule one more New Member class before the end of the year.

**Front and Center... (meet our new members)**

**Jeanette Vetro** was born in Manhattan. Her family moved to Trumbull, CT, when she was 3, but because her father commuted back and forth between Trumbull and Florida, Jeanette and her sisters and brother would start each school year in CT and finish the year in Miami Beach. Jeanette's family always had a boat in Florida, and she (the tomboy of the family) grew up operating and even maintaining the family's boat, including a Chris-Craft 47' cabin cruiser and mahogany speedboat. After marrying her husband, Jeanette and her family continued to live both in CT and Florida. She raised three daughters and now enjoys four grandchildren (two in CT and two in Florida). She and her husband loved renting boats and entertaining their guests with trips on the Intracoastal.

In Stratford, Jeanette volunteered for the EMS, where she drove an ambulance and worked as an EMT and defibrillator technician. She wrote a book called *Behind the tears, I can see the light* and donates all proceeds to the Stratford/Trumbull EMS. She also volunteered for Hospice and a Rape Crisis and Domestic Abuse Hotline organized by the Red Cross. In addition, she plays golf and paints (she once painted her daughter's school walls with cartoon figures).

After moving permanently to Boca Raton this year, Jeanette took classes from the Pompano Beach Power Squadron, but then saw the signs for our Flotilla on A1A and decided she wanted to work on the water for the Coast Guard. She likes the idea of wearing the uniform, participating in SARs, and making use of her EMT training. She is anxious to join the next Crew class so that she can get started. Jeanette is proud to wear her Flotilla 3-6 polo shirt and looks forward to buying a boat in the future.

**Liliane Meghabghab** (Liliane Mo) was raised in Lebanon and always lived close to the Mediterranean Sea, where she developed a great respect for the water and a passion for water activities, such as boating, diving, and windsurfing. She has logged over 300 dives in the Med, and she is qualified dive master and master scuba diver.

Although Lebanon is beautiful and her family still lives there, it was shattered by war, and Liliane left when she was 20 to live and study in Paris, France. She worked as a translator for foreign companies doing business in the Arabian Gulf. From there, she moved to Texas where she started in the accounting field, working for a travel agency. About 12 years ago, she moved to Boca Raton where she has worked in finance.

She says that volunteering is a noble cause, especially when it is in a field that we enjoy. Liliane is an active volunteer with the COPs program and the Delray Volunteer Marine Patrol, where she was trained by Tom Kegan (wearing one of his other hats).

Volunteering allows her to show her gratitude to the country that has offered her so many opportunities. She hopes her boating skills, combined with the added knowledge from the Auxiliary, can be of use to the Coast Guard. She looks forward to becoming an active member of the Auxiliary.

Welcome to Flotilla 3-6, Jeanette and Liliane! We're glad you're here.

**PUBLIC AFFAIRS**  
ANTHONY QUESADA, FSO-PA  
[Fso-pa@CGAUXBOCA.ORG](mailto:Fso-pa@CGAUXBOCA.ORG)

My thanks to those in Flotilla 36 who assisted Pat Feighery in the Saturday October 1, 2005 fire prevention teaching program geared to children.

This following write-up is from Aux. Wayne Spivak Chief – Ext. Comm. PA Dept USCG Auxiliary with slight editing.

In a time when **many** people want to do more in their daily lives to serve their communities and their country, the **Coast Guard Auxiliary** is a way for them to do just that.

**He** is known as Tiger Two to Coast Guard radio Watchstanders serving Florida's coastline down to Key West. Mel Marx of Flotilla 51, District 7 owns and flies a twin-engine Cessna 310, which is a Coast Guard facility. In normal times, Marx could be found checking the southeast coast for migrants and drug runners, or working on search-and-rescue missions with the active-duty Coast Guard, flying perhaps several hundred miles in a typical week. All that changed with the arrival of hurricane Katrina. In the week after Katrina came ashore, Tiger Two flew six thousand miles.

By September 21, a force of some 3,600 Coast Guard personnel had rescued or evacuated 33,544 people, and the work continues. The Coast Guard normally saves around 5,500 lives a year.

Transportation within the Hurricane zone became most important early on. Medicines, vaccines, and first-aid supplies had to be distributed, and many responders had special requests. Also, trained personnel of the many services responding to the disaster had to be transported from Texas and Florida to various locations in the New Orleans and Mobile areas. Tiger Two's sturdy, versatile Cessna could take off and land on a stretch of road, if need be.

Marx, who lives in West Palm Beach, teamed up with another pilot, Forest "Woody" Bahr, of Flotilla 69. He and Bahr then departed on their errand of mercy.

About four hours after leaving Opa Locka CG Air Station in Florida, they arrived at CG Air Station Mobile in Alabama. This air station became their home base for the rest of the week. At this time, their ten-hour days began. Day after day, hour after hour, sitting cramped in the airplane, the tedium of flying ignored, the two Auxiliarists flew mission after mission. They found sleep, even on an air mattress, to be most welcome each night.

Transporting helicopter pilots to Naval Air Station New Orleans for flight duty, FEMA personnel to Gulfport, Mississippi, and medicine to Corpus Christi or Alexandria were some of the missions Marx and Bahr carried out within the 500-mile radius area of responsibility (AOR). Mel Marx said, "The volunteers we carried were necessary civilian workers and medical personnel -- all worker bees."

When asked about his experiences, Marx immediately responded, "It was very **gratifying** be able to participate and contribute to help salvage something from the horrors we witnessed firsthand that you folks at home saw on television."

Your input is important to the success of our overall goal, which is to educate the boating public about safety on the waterways. Please e-mail me at [fso-pa@cgauxboca.org](mailto:fso-pa@cgauxboca.org) with any suggestions you may have to achieve this goal.

As always, I appreciate all your assistance in Public Affairs activities.

This completion is an on going event, so attend meetings, and participate on the water tasks, to prepare yourself for the next year's completion.

RCO-E Gene Kahn presents Tom Kegan with the plaque for the Land Tasks.

Ron Barrett and Gene Kahn. I don't think Ron is giving it back...

Looks like Ron knows what he is doing... That's right – He DID!

**SANTA**

MARK THOMPSON, FSO-AN  
[SANTA@CGAUXBOCA.ORG](mailto:SANTA@CGAUXBOCA.ORG)

I am wearing my Santa hat this month. We are continuing to collect things for our annual trip to the Station.

Time is getting short. Please contact me if you are interested in helping out or have items to contribute.

**PUBLIC EDUCATION**

KRISTIE COLINA, FSO-PE  
[FSO-PE@CGAUXBOCA.ORG](mailto:FSO-PE@CGAUXBOCA.ORG)

Note below the information on BUI's. This is something we need to talk about to friends, pupils, and fellow boaters. This is a serious problem on our waterways an, as you can see, large reason for many boating accidents and fatalities!

Boating Under the Influence

***BUI is just as deadly as drinking and driving!***

Did you know:

- A boat operator is likely to become impaired more quickly than a driver, drink for drink?
- The penalties for BUI can include large fines, revocation of operator privileges and serious jail terms?
- The use of alcohol is involved in about a third of all recreational boating fatalities?

Every boater needs to understand the risks of boating under the influence of alcohol or drugs (BUI). It is illegal to operate a boat while under the influence of alcohol or drugs in every state. The Coast Guard also enforces a federal law that prohibits BUI. This law pertains to ALL boats (from canoes and rowboats to the largest ships) — and includes foreign vessels that operate in U.S. waters, as well as U.S. vessels on the high seas.

Let's keep boating safely and spreading our safety message!!!

**Santa's Wish List**

Santa is now collecting items to be part of our annual Christmas visit to Station Ft. Lauderdale.

You can contact Santa, through Mark Thompson, to contribute or to help out.

Some items that have been included in the packages in the past:

- Pre-paid phone cards
- Small AM/FM Radios
- T-Shirts
- Toothbrushes
- Tooth paste
- Floss
- General toiletries

Of course, Food is always good:

- Microwave popcorn
- Cookies
- Cakes
- Candies

If you have ideas, or sources, for any inexpensive gifts please contact Santa or a Flotilla Staff Officer.

**MATERIALS**

RONALD BARRETT, FSO-MA  
FSO-MA@CGAUXBOCA.ORG

The materials store is ready to assist you with items for the upcoming holiday season.

We have stuff for both Auxiliarists involved in operations as well as Auxiliary branded items for all members.

Stop by the store and see what is available.

On the communication services front, the Flotilla web site suffered a couple of days of unexpected down time due to unexpected complications related to the hurricane. I have been assured by some very senior people within the company that operates the hosting facility that they have corrected the problem.

Well, I had prepared a nice blurb about how AUXDATA was offline and to be patient. This article became obsolete as AUXDATA is back up and running.

Due to issues with the upgrade, AUXDATA lost a number of passwords. If your password doesn't work the first time, contact either Tom Rutherford or me for further information. DO NOT TRY IT AGAIN -- once you are locked out you'll have to go through the reset process.

On the publications front, I'd like to apologize for both the quality and the timeliness of this month's issue. I'd like to put out a year-end wrap-up issue for the December Log. If anyone is sitting on picture or articles please get them to me as early as possible. We are starting late in the month and we lose some time due to the holiday.

**Material Store**

The store is open each meeting night from 1830-1930.

If you need equipment, contact the FSO-MA:

**Phone:** Ron @ (561)276-4442

**Email:** [fso-ma@cgauxboca.org](mailto:fso-ma@cgauxboca.org)

In addition to the normal Auxiliary equipment, the Material Store carries:

- Flotilla 36 T-Shirts
- Flotilla 36 Ball Caps
- District 7 Ball Caps

### INFORMATION SERVICES

THOMAS RUTHERFOORD, FSO-IS  
[FSO-IS@CGAUXBOCA.ORG](mailto:FSO-IS@CGAUXBOCA.ORG)

Looking at year-to-date unit summary data, Flotilla 3-6 is about even or ahead of last year in most major categories:

As of the middle of October:

- Marine Dealer visitations are way up over last year.
- Member Training is also up.
- Public Affairs, Operations, and Public Education are about the same as last year,
- Vessel Examination is the only category showing a drop.

Speaking for the rest of the staff please let me say "thank you" for another year of significant contribution to the boating public and to Homeland Security. And "keep up the good work" please as we move through the 4th quarter and our many snow birds return to the nest.

I hope each of you will think seriously about participating in the next "Rodeo." Being at the Station is an enjoyable experience - just the chance to mingle with the Coasties and to tour the site is one thing, but to get a tour of one of their facilities is an additional benefit. Your FC put a lot of effort into the event and should be congratulated. Likewise, your FSO-MT did a great job preparing the team, as witnessed by the outcome. Many of you joined the Flotilla to acquire new boating skills. Exercising those skills is the key to keeping them, and the Rodeo is a great way to exercise them. A side benefit is to impress upon the regular Coast Guard how skillful and knowledgeable we really are. Finally, it's another chance to visit with your friends in the Flotilla and to make new friends outside 3-6.

### 4<sup>TH</sup> CORNERSTONE

RICHIE DUNNE  
[4TH@CGAUXBOCA.ORG](mailto:4TH@CGAUXBOCA.ORG)

Our 4<sup>th</sup> cornerstone activities were seriously curtailed with the arrival of Hurricane Wilma and the cancelling of the Halloween party.

I want to thank all of the people who helped to plan, organize, and support this event. It would have been a good party.

I do want to take a moment to remind people that this year our Change of Watch ceremony is going to be held in January. The Toy-for-Tots collection will take place at the December meeting. More on this in the next Log.

The annual Boca Raton Christmas boat parade is almost upon us.

We will need some boats out there. Please contact Pat if you are interested – either as a coxswain or as crew. Boats going out will need crew. It is a great way to watch the parade.

As Pat mentioned earlier, some member suffered some damage from the hurricane. At this time, I do not have a working computer – and it appears it will be a while.

If anyone wants to go on patrol, please get in touch with Pat Feighery and he will take care of the orders for you.

Thanks for understanding.
