With deep regret we note the passage of our shipmate and friend George Cousins, shown here on Pearl Harbor Remembrance Day Please see Andrea Rutherford's article on page 12

The month in pictures:

Remembering George Cousins with fellowship and comraraderie

Q E Starts with practice on Lake Boca then the real thing in Port Everglades.

Mark Thompson and Liliane Meghabghab taking in tow line.

Fred Gless monitoring the tow line.

Mark Thompson dropping the tow line.

A booth was manned at the Delray Affair for VSCs and to meet, greet and inform the public. Above are Irene Azzarito, Liliane Meghabghab and Mickey Jaffe with Jerry Edelman behind the camera

We said goodby and good luck to Matt Monaghan and hello to Tim Mierson, our new USCG Liaison

Our vivacious speaker last month Lauren Godden was introduced by her father, Jim

May, 2009 Meeting
From VFC Tom Thayer
April Flotilla Meeting Program

We will have another interesting program for the May Flotilla Meeting.

As we approach another hurricane season, it is important to look at the insurance considerations for your vessel. Tom Gresh, with Smith-Merritt Insurance will cover coverages, preparations, claims, etc. Tom is a local guy, Boca Raton, Lynn University, 15 year USCG Licensed Captain on Sport Fishing Vessels in 10 countries along the Atlantic and Pacific Oceans

Please come to the meeting and bring a guest. **Uniform is Tropical Blue Long, ODU or civilian.**

Commander Thayer will be busy getting proclamations, Classes will be held in both Auxop, Operational training, and Public Education. Mickey Jaffe’s team and the educators are to be applauded for their efforts, but what about the rest of the members of Flotilla 3 6? Everyone in every department should participate in NSBW. Please consult

http://www.cgaux.org/members/whats_new/announce.php to get started. If you can’t get some kind of promotion going yourself, then lend a hand to one of the existing programs. Mickey’s team does so much more than VSCs. They promote, they recruit, they market boating safety classes, they instruct in proper equipment use including life jackets,. The PE folks giving the ABS course and manning the Bat Pak at the Bass Pro Shop can also use support. These people are our link to the public and they need your help. So put on your uniform and do your part, no excuses. This is what you signed on for. This is our mission for the United States Coast Guard. And when the job is done, don’t forget to turn in your time on form 7029 so that the USCG can document your contribution.

MAY CALENDAR HIGHLIGHTS

This section will highlight dates and events in the coming month. For a full listing, see the Calendar. Note: Calendars frequently change, check with event leader to verify

5/2	VSE @ Lake Ida	1000
5/6	AUXWEA continues	1900
5//7	Flotilla Meeting	1930
5/11	New Member Social	1900
5/13	City using facility	
5/16-5/223	VSC at Silver Palm Park, 0900	
	Lake Ida	1000
5/16	ABS & Bat Pak at Bass Pro	1500
5/23	ABS at Base	0900
5/21	Staff Meeting at Base	1900
5/24	Inputs due for THE LOG	

Invitation to all New Members

(Especially to those who have been in the auxiliary for less than a year or just “feel” new):

What: **Spring “Meet-and-Greet”**

When: **Monday night, May 11th, 7-8:30 pm**

Where: **The base**

Please attend and meet your fellow new members. This event is informal – no need for uniforms. Guests invited. We’ll have refreshments and introductions of each other and the staff. We’ll also have a discussion about uniforms – what to order, how to order them – as well as a description of the member training planned for 2009. Bring your questions! I look forward to seeing you! If you have any questions, please call or write.

Andrea Rutherford, FSO-Personnel Services
RSVP: arutherfo@att.net or 561-495-6702.

NATIONAL SAFE BOATING WEEK

NSBW starts May 16. FSO-VE Martin Jaffe and his team of Vessel Examiners are leading the way for Flotilla 3 6 by offering vessel safety checks at both Lake Ida and Silver Palm Park every day of NSBW.

Tom Thayer
fc@cgauxboca.org

Flotilla Commander 36

From the Helm

South Florida Coast Guard Association:

Several of us had the opportunity to attend the kick-off social at the Hillsboro Lighthouse on April 23. **SFCCA**, South Florida Coast Guard Association, is new and it is for Coast Guard Active Duty, Retirees, Reserves and **Auxiliarists**. It is a non-profit organization that will raise funds to sponsor activities. The next of these activities will be the Coast Guard Ball honoring the 70th Anniversary of the Coast Guard Reserves and **Coast Guard Auxiliary** on June 20, 2009, tentatively at Coast Guard Air Station Miami (Opa Locka).

I would encourage all of you to join the **SFCCA**. The dues are only \$10/yr. Please send your check made payable to **SFCCA**, include your name address, email and Flotilla and mail as follows:

Gwen Leys, IPDCP 3
District 7 US Coast Guard
Auxiliary
620 S.E. 5th Terrace
Pompano Beach, FL 33060-8128

AUXILIARY VOLUNTEERS: I would like to thank all of you that have participated in any or all of the many activities that Flotilla 3-6 has been involved in the last several weeks. Activities way to numerous to mention here. The Division 3 Training and Meeting is an activity that, if at all possible, you do not want to miss. The Division Bridge, Pat and Ed, and Lt. Doug Watson, Commanding Officer of CG Station Ft. Lauderdale go to great lengths to present very worthwhile programs.

REQUEST UNIFORM AND ACCESSORIES DONATIONS TO FLOTILLA:

We have experienced some disruptions to our normal supply for uniform accessories. We have identified an alternative source. Still consider donating to the Flotilla your unneeded devices, shoulder boards and ribbon brackets. The Flotilla can make a few bucks and we can offer our members, especially new members, a better price to get them in proper ODUs or Tropical Blue Long uniforms.

If you have clean serviceable uniforms that you do not need, please bring them in as well. Again, your contribution is a win-win for your Flotilla and your fellow members.

Till next month.....

“Far better it is to dare mighty things, to win glorious triumphs even though checkered by failure, than to rank with those poor spirits who neither enjoy or suffer much because they live in the gray twilight that knows neither victory or defeat.”

Theodore Roosevelt

Marie Thompson
Flotilla Vice Commander
Fso-VFC@cgauxboca.org

Some may say they do not have a chance to participate in an Auxiliary activity. Maybe that is because we have so many activities, they just do not know which to try. In April & again in May, we have more opportunities than you can shake a stick at. In April just to mention a few, there was the Delray Affair, Boca Beach Cleanup, Pompano Beach Seafood Festival, Vessel Safety checks and more. Thanks to those who gave of their time and talent. In May, we have a Pot Luck dinner (with an Italian theme) on Saturday May 2nd, our General Monthly Meeting, National Safe Boating Week, Vessel Exams, MT classes, radio watches and yes, Safety Patrols as well. The list goes on and on. Please find an activity that interests you and join in. Make a friend and participate together. Then it will be even more fun. The same few should not have all the fun and the same few can not do everything.

THANKS to those who are contributing their time and talents in the many activities in and around the Auxiliary. Special thanks to those helping out by bringing goodies to the General Meeting. Keep those yummys coming!

Thomas H. Kegan,
Member Training
Fso-Mt@cgauxboca.org

We are holding COXSAWIN class on Tuesday evenings , On Wednesday evenings an AUXOP weather course is in progress.

Members who require 3 yr recertification, are : COXSWAINS Rick Celestino, Tom Sutherland, Bob Hersey, Tony Quesada, Crew Members who require 3 yr recertification are ; A Rutherford, Tom Rutherford, I Azzarito, E. Michitsch, J. Godden .J. Bordelon, R . Bordelon, Members in REYR Who need 3 yr. rectifications' are; Ed Olekask, Richie Dunne, K. Stanley. J, Glover.

Our next QE audit will take place on June 27,28 at our base in Boca great opportunity for all to complete quails

At the audit, any new Coxswains Who has completed all tasks and has them sign off can Participate

All new crew members can participate also as long all tasks have been completed.

AUXOP Courses, News on new AUXSCE course (was AUXSAR Search and Rescue, now Search Coordination and Execution). The current Exam is being replaced will be ready in near future

A very important event is happing in May. National safe boating week May 16, to May 23 Mickey Jaffe FSO/VE needs help has many items planned. A great opportunity for all to get involved

On May 11 all our new members will be invited to our base to meet our members and staff members. This is a great opportunity to welcome them, tell them what we do, answer any and all question they might have, and help them get involved.

Gail Edelman
Public Education

Fso-pe@cgauxboca.org

Public Education –Our next class is About Boating Safely to be held on May23th to coincide with National Safe Boating Week. I am looking for instructors and students. If anyone is interested in taking the class, they should just come to the class on May and sign up. I am going to leave extra class schedules in the office so we can get them out prior to safe boating week. If each member would take a handful and distribute them to stores near them, we would be able to reach more individuals. If you want more than are at the office or if you can't pick them up there, please call or text me and I will arrange to get them to you.

Schedule of Public Education Classes

About Boating Safely – May 23 9AM to 5PM – Bring your own lunch

Boating Skills & Seamanship – Registration June 8- Classes June 15 thru July 27 Monday evenings from 7-9PM

About Boating Safety – July 25 9AM to 5PM – Bring your own lunch

About Boating Safety – Oct 3 9AM to 5PM – Bring your own lunch

About Boating Safety – Nov 14 9AM to 5PM – Bring your own lunch

Weekend Navigator- Full class- Fall 09 dates to be determined

GPS December 5 9AM to 3 PM

Member Training,

Boat Crew

Two class members, George Kozel and Fred Gless qualified on March 29, 2009. The rest are new members awaiting their security clearance from DIRAUX.

Tom Kegan is back and conducting the Coxswain Class. Welcome back Tom!

AUXOP

AUXWEA. Weather, started April 1st at the base, is half complete, and is continuing on Wednesday evenings. This is one of the six courses required for AUXOP Qualification and it provides skills that you can use every day. The remaining schedule follows:

Weather Products, 06MAY

Weather Forecasting, 20MAY

Heavy Weather, 03JUN*

Review 10JUN

Exam 17JUN

*No class on 27JUN

AUXWEA 09 Class

All AUXOP classes will be on Wednesday evenings at the base at 1900. Operations classes are on Tuesday evenings, same time

Left: Nancy and Jim Godden and Helene Houge received service awards

Martin Jaffe
Vessel Examination

Finally had some great weather in April and the VSC's are adding up. This is also a result of the

great turnout of our VE's. The experienced VE's as well as the new ones have been doing a great Job educating the boating public in safety as well as doing many VSC's,

In addition To Lake Ida and Silver Palm Parks VE's and many other flotilla members were at "The Delray Affair", which was a huge success this year.

The VSC schedule for May is:

Saturday 02 May Lake Ida Park
National Safe Boating Week every day
Saturday 16 May to Friday 22 May at BOTH
LAKE IDA and
SILVER PALM PARKS
All times at: Lake Ida are 1000-1400 Hrs.
Silver Palm are 0900-1400 Hrs

Again Three Cheers for the dedicated Vessel Examiners !!!!!

Rob Lambie received his APC certificate

Leonard Schwartz
Fso-is@cgauxboca.org
Information Systems

Please note the following information in regards to Form 7028. This is the form that keeps your MEMBER INFORMATION current.

When using this form you should first read the information page . This will tell you that the information to be updated is the only ITEM that you enter on this report other then your member NAME AND NUMBER.

If you change your address, make sure that you enter the ZIP+FOUR. The form will not be excepted if you leave out the +FOUR, so keep this in mind.. If you note that the mail you are getting from the Auxiliary does not have the +FOUR in the zip code, put through a new #7028 with only the ZIP+FOUR to bring your information up to date. Send it electronically.

Under the Patriot Readiness portion where they request contact information, this should NOT be the person that you live with, but rather someone outside of the immediate area. You must also fill in your availability and skills need to be indicated under the Patriot Readiness portion.

NEVER DUPLICATE ANY EXISTING INFORMATION THAT IS CORRECT, ONLY CHANGES, OR ANYTHING THAT NEED TO BE DELETED.

Thanks for your help in this matter.

Andrea Rutherford, FSO-PS

We have been fortunate to have the following people complete their applications to join the CGAux in April. Join me in giving them a warm welcome.

Merry

Duncan was born and raised in the northern California wine country. She has worked in management most of her career including 5 years as a lieutenant on a fire department in Colorado. Helping animals and the environment has always been at the top of her list.

She currently works with both Save the Manatee club and the Hammerhead Dive club, which is an environmentally focused group. Her dad gave her the sailing bug when she was growing up. They had a small sailboat that she took out one day when she and her friends skipped school. She capsized the boat and ended up being grounded for the rest of her life at home! She moved on to crewing on 505 racing dinghies in college. Last year she finished her bareboat certification and is now working on her six-pack license. She became interested in joining the Coast Guard Auxiliary because she believes that her background in emergency services, environmental work, and boating will make her a sound candidate. She is interested in learning charting and plotting so she's excited about the training we offer. She looks forward to helping make a difference in our community both on and off the water, and she looks forward to working with all of us soon! Welcome, Merry.

Ryan Rabatin was born and raised in Indiana, where he spent most summers has his grandparents' lake fishing and boating. After graduating from Ball State University (where he met his wife Robyn) in business, he interned with the Department of Commerce in DC. From there he started his career with International

Registries, Inc, which represents the Marshall Islands Maritime Administration of the Republic of the Marshall Islands. His work is mainly involved with shipping, as the Marshall Islands' flag is the fourth largest registry in the world, with roughly 2000

ships of various types and 50 million gross in tonnage. He has worked actively with the Coast Guard both externally and internally, as many of the staff is ex-USCG. After completing an MBA from George Mason University, he was transferred to Ft. Lauderdale to assist in the growth of this office and expand his knowledge of the yacht and offshore industries. Ryan and his wife enjoy the Florida outdoors for walking the dogs and long bike rides, and he looks forward to learning to sail. Ryan and his wife volunteer for a number of local events and charities. He joined the Auxiliary because of its importance for the safety of the environment and seafarers, and he is anxious to begin his training.

In Memorium

George Cousins, a member of 3-6 for 30 years, died on March 31 at 88 years of age. He was buried on April 6 in the Veterans cemetery in West Palm Beach. This article was published 2005, thanks to the input of George and especially Sylvia, his wife. We're republishing it now as a tribute to George and all his work with the Coast Guard Auxiliary. Godspeed, George.

July 2005

George Cousins was born in Montclair, NJ, and in high school (which he attended with Buzz Aldrin), George played many sports, including football, baseball, and track. After graduation, he moved to NYC to work for Continental Company (now part of Signa Company) on Wall Street and was grateful to have a job because this was during the depression. He completed night classes in banking, insurance, and real estate. Before WWII started, although underage, George forged his father's signature and enlisted in the 102nd Cavalry. He had

started his training on horses at Fort Jackson, SC, when his irate father tracked him down, met with the base commander, and ushered young George back home.

So George went back to work and school until able to enlist legally in May 1942 in the US Coast Guard. He served on troop transports and sub chasers in the Atlantic and North Africa theaters. He was enrolled in officer's school in 1945 when the war ended and he was discharged.

Again he went back to Continental and worked as superintendent of his department until his retirement 35 years later. He then moved to Hollywood Beach, Florida, and worked at the old Diplomat Hotel, then one of the leading nightspots in southern Florida. George was head of security and was a bodyguard for entertaining celebrities, including Bob Hope, Dean Martin, and Frank Sinatra. Some returned year after year and George got to know a few on a personal basis, until the hotel was destroyed by fire in 1988. That was the end of George's career in the security business.

About that same time, George, still a practicing athlete, had the privilege of spending 9 days at a baseball camp in Ft. Lauderdale run by legendary Mickey Mantle and other NY Yankees. George played outfield on Mickey's team for 9 days while playing against challenging local teams. George found that Mickey

was quite a colorful character, working hard on the field by day and playing hard at night, and for that week, accompanied by George!

Now retired for good, George still plays outfield on a senior's softball team in the Deerfield Beach, part of the Senior Softball Association, George in 102nd Cavalry George with Mickey Mantle (left) now the oldest player on the team and team captain. However, he still runs bases for some of the younger guys. In 1991, his team, Copa Cabana, won the Senior Softball World Series championship in West Palm Beach. The year before, his team came in third, and in 1992, they took second before losing the final game in the 14th inning. George continues to play ball 2-3 days a week.

George joined the CG Auxiliary, Flotilla 3-6, nearly 20 years ago to get active on boats again. His 21' vessel "Coastie" was a facility up until 5 years ago when he gave the boat to Chief Petty Officer Paul "Ski" Zymanski.

Many of us are familiar with George's endless flotilla activities: member of the CGA honor guard, member of the group who has cleaned guns at Station

Lauderdale for the last nine years, and veteran crewman, willing to take the long patrols, including his recent mission on Art Makenian's boat for the OAS patrol, spending 8 hours on active patrol for 4 days straight.

But many of us have not heard about the time George participated in the filming of helicopter training at Station Lauderdale, where he was hauled up and down in the life basket six times, soaking wet, from the ocean and beach.

George has an enthusiastic partner in Sylvia, his wife of 22 years. Sylvia graduated from University of Miami Medical School in 1970 and after finishing her internship and residency in Massachusetts, she returned to south Florida. Unable to refuse a job offer by a radiologist friend, Sylvia moved to an apartment on the top floor of Deercreek in Deerfield Beach. When she got tired of paying the rent, she married the landlord – George.

They traveled all over the US in their motor home (while Sylvia worked in various radiology practices all over the country) and have traveled all over the world as well. Sylvia has been a practicing radiologist in Florida for over 30 years and now works part-time out of their home in Boca.

George's two sons still live in Montclair and own their own businesses there; George enjoys returning to see his three grandchildren.

George loves the Auxiliary and appreciates the opportunities that civilians cannot experience. He encourages Auxiliarists to stay involved and take advantage of all the interesting things that are available to us. Thanks for your dedication, George!

Marine Safety

The Great American Cleanup -

On April 18, seven members and two guests made a dent in the rubbish surrounding Spanish River Park. Our group choose cleaning up the beach along the boat docks. It was a perfect day for picking up trash and our small group picked up a total of 15 large trash bags full of throwaways, along with some almost new shoes. I want to thank Mark and Marie Thompson, Andrea and Tom Rutherford, Shirley Fisher, and Lenny Schwartz. Thanks also to Andrea and Tom for bringing two guests.

After viewing the trash, I came to the conclusion that Styrofoam, beer cans (not soft drink cans) and various forms of plastic were the main culprits. As of this day, I plan to limit my use of plastic in all forms and hope that some of you will also try to cut-down on your use of plastics. Several months ago I bought grocery bags for groceries instead of using plastic bags and find them much stronger and easier to carry groceries into the house with the added bonus of fewer plastic bags in the landfill.

Don Fisher received his AUXOP certificate

Before you let someone use your PWC, take an approved safe boating course

Information provided by Jeanette Smith

A jet ski rental company in Key West was held liable when one of their jet skis crashed into another at full throttle. The rental company violated Florida law. The statutes in question (Fla. Stat. §§ 327.39, 327.54) make it a second degree misdemeanor for the owner of a personal watercraft to permit anyone to use it unless the user has first received certain safety instruction from someone who has taken an approved boater safety course. The rental company employee who instructed both the plaintiffs as well as the person that caused the collision in the use of the jet had not taken an approved course, and the court suggested that had that person received instruction from someone who had taken such a course he might not have panicked. The court concluded that in the circumstances the rental company's "fault is presumed." The company was also barred from relying on the release and waiver provisions in the rental agreement, with the court finding that such reliance would be against public policy where the company had violated the safety statutes.
